NILES MAY BE RATED AS THE FRUIT SALAD CAPITAL OF COUNTRY

Schuckl Company's Huge Packing Program Under Way

NILES IS destined to become the "Fruit Salad" capital of the country.

And the Schuckl company, well-known canners of fruits and vegetables, is to get the credit.

Forced into a short season this summer by the failure of the apricot and peach crop, the local company decided on an experiment of handling fruit salad in the plant.

It is still in operation and a season pack of 60,000 cases or 2,160,000 cans will be turned out.

The fruit salad pack for next summer has been set at 100,000 cases. The entire output of the plant is shipped to Europe, where it is contracted for far in advance of the packing season.

This immense packing program at the Schuckl cannery means a great deal to this district. The huge pack of fruit salad will continue a few more weeks and is giving employment to more than 100 women and men.

HAYWARD HAS FIRE

The business section of Hayward was threatened by destruction early last Saturday morning when fire swept through two second-hand furniture stores, doing damage estimated at $25,000. The burned stores were operated by Mrs. Minnie Katzman and H. Rubin.

WASHINGTON HIGH TACKLES PIEDMONT TOMORROW AT 2.30

First League Game to be Played on Enemy Gridiron

League football starts tomorrow in Alameda county and Washington Union high school is going to have a finger in the pie.

With a rather disheartening preliminary season to look back at, the local grid warriors have got their dander up and claim to be determined to reverse things during the league season of play.

To date, the Washington first team has failed to cross the enemy's goal line. San Leandro, Hollister and Oakland high have given the home boys sound trouncings, but tomorrow, when Washington tangles with Piedmont, it is going to be a different story, the local huskies state.

Coach Jess Regli has been putting his boys through some strenuous field practice during the past ten days, and also has had them in class for blackboard instruction practically every day.

The game tomorrow will be played at Oakland and a large crowd of loyal rooters is expected to be on hand from this district to cheer the Washington players on to victory. The whistle will blow at 2.30 sharp.

ENGINEERS FEAR FLAME OUTBREAK IN W. P. TUNNEL

With smoke oozing through the loose dirt and rock located over the east portal of the Western Pacific company's tunnel in Niles Canyon, workmen today started digging away the debris of the cave-in which blocked that entrance to the bore during the disasterous fire which started three week ago.

As a safety precaution, firemen are standing by with high-pressure lines in case the fire blazes up anew when air reaches the charred timbers.

No attempt is to be made to work from the west end of the tunnel as it is feared that the fire would blaze up again if the bulkhead which seals the bore from this end is removed.

Engineers in charge of the work figure it will be at least three more weeks before the tunnel can be cleared and re-timbered.

WASHINGTON HIGH GRADUATE NOW ON STANFORD ELEVEN

Residents of Newark were particularly interested in last Saturday's football game at Stanford, for a "home-town" boy was in the Cardinal line-up.

Louis "Bud" Ruschin, former star grid-iron warrior at Washington Union high school, is the Newark boy who now sports a red jersey of Stanford. His position on the Cardinal team is left end.

WORLD SERIES PUTS PEP IN C-C SESSION

Baseball as it is played by the country's two best clubs, made a hurried affair of this week's session of the Niles chamber of commerce.

Attendinng to the business before the meeting simultaneously with the consumption of food, the civic group proved for once that two-hour sessions are really not necessary.

While soup spoons were being raised and lowered, the commerce chamber endorsed Sunnyvale as the site for the navy's proposed dirigible base, listened to a letter from the Alameda County Development association telling of a client for a poultry ranch, postponed action on the Boy Scout sponsorship fund of $200, and accepted an invitation to eat luncheon with the Parent Teacher association on October 29.

WATER COMPANY CLOSES GROUNDS AROUND TEMPLE

Thoughtless persons with an urge to pick anything that grows on a tree regardless of time or place have caused the Spring Valley Water Company to close the beautiful grounds around the water temple at Sunol until after the walnut harvest.

This information was forthcoming today from water company officials who state the walnuts, still green, are being picked by persons passing through the orchard in automobiles. It will be at least six weeks before the walnuts will be ready to harvest, the company men state, and the grounds will be closed until that time.

JUNIOR COLLEGE PLAN REVIVED BY BOOSTERS IN THIS DISTRICT

Will Conduct Educational Program up Until March, 1930

Following a period of voluntary inactivity, during which time the public has had an opportunity to consider the proposition, citizens of Washington township who favor the founding of a Junior college in the township have this week resumed their campaign for the institution of learning.

In beginning again, the proponents of the Junior college plan to have a series of newspaper articles compiled through which they hope to win a favorable vote in March, 1930.

About a year ago, when the Junior college idea was born, the committee in charge conducted several public and private meetings in this section of the county and much sentiment in favor of the college was evidenced. At that time, however, the only method for raising the necessary funds was thought to be through a bond issue, and, after several conferences, the committee decided that the time for pressing the movement to a final vote of

First Rain of Season Falls In Niles Section

Dust was laid and the air cleared and freshened in Washington township last Saturday and Sunday nights when the first rain of the season fell.

While the precipitation was light here it was refreshing and welcome and gave the signal that winter is just around the corner.

MASON'S ISSUE LODGE BULLETIN FOR TWO MONTHS

Special nights of interest for Washington township Masons are listed in the October-November bulletin of Alameda Lodge No. 167, and includes men's night at the Presbyterian church, Newark, on October 13, and an entertainment for Eden and Alisal lodges at the Centerville Masonic Temple on October 19.

According to the bulletin, a school of instruction will be held under the direction of Tom Baker at the Temple on October 26. Stated meetings are scheduled for October 12 and November 9.

MAYOR OF SUNNYVALE HERE

F. A. Drew, mayor of Sunnyvale and vice-president and general manager of the Schuckl Company, was a visitor in Niles on Tuesday. Besides attending to business at the cannery, Drew was a guest at the chamber of commerce luncheon.

CHAMBER OF COMMERCE ENDORSES SUNNYVALE DIRIGIBLE BASE SITE

Township Residents Urged To Boost for Big Navy Project

HELP BRING the navy's dirigible base to Sunnyvale!

That's the request of the Niles chamber of commerce which on Tuesday endorsed the Sunnyvale site and at once rolled up its respective sleeves to enter the bay district fight for the big project.

Sunnyvale is but 16 miles from Niles. It is considerably nearer Warm Springs, Newark, Centerville and Irvington. The huge dirigible base there would mean added prosperity for southern Alameda county in general and Washington township in particular, enthusastic members of the commerce chamber point out.

According to the present status of the dirigible base deal, the choice of the navy is either Sunnyvale or San Diego. Sunnyvale is admittedly the better of the two sites, but San Diego is offering its land for practically nothing. Santa Clara county would donate approximately 300 acres of the Sunnyvale site for nothing, but there remains about 1400 acres that must be purchased.

If the San Francisco bay area is serious in its desire to get the dirigible base, that 1400-acre parcel should be purchased through public subscription and then turned over to the government for nothing, local citizens declare.

One of the leading boosters for the Sunnyvale site at Tuesday's chamber of commerce meeting was George L. Donovan, manager of the Niles Pacific Gas and Electric offices. Donovan made the motion that the local chamber of commerce endorse and boost the Sunnyvale site, and, after F. A. Drew, mayor of Sunnyvale, had said a few words regarding the project, the commerce chamber went on record favoring it.

It was pointed out at the meeting that Mrs. James R. Whipple, of Niles, had been a consistent and aggressive booster for the Sunnyvale site since it was first mentioned as a possibility. That much credit is due Mrs. Whipple for her stand in the matter was expressed generally among the chamber of commerce members.

RALPH RIGHMOND WILL VISIT TWO BIG DAIRY SHOWS

Trip East is Sponsored by Milk and Ice Cream Associations

Traveling as the special guest of the International Association of Ice Cream Manufacturers and the International Association of Milk Dealers, Supervisor Ralph Richmond of Niles will leave Oakland next Wednesday for St. Louis where he will attend the National Dairy show, Saturday, October 19.

From St. Louis, Richmond will go to Toronto, Canada, still the guest of the two associations, and will take in the Annual Dairy show in that city. The local supervisor will serve as a special representative of the Alameda county board of supervisors at the two big shows, but his trip will be no expense to the county. His wide knowledge of dairying and farming is said to have prompted the two sponsoring associations to select him for the trip.

Richmond will be gone from the state about two weeks.

STOLEN PUP MOURNED BY HIS MASTER

STEALING IS A rotten vice under any circumstances, but stealing a man's dog is the height of meanness.

P. A. Ellis, furniture dealer of Niles, reports this week the theft of a four-month-old police puppy from its kennel in the Ellis back yard. The little fellow was gone when Ellis went out to give him his breakfast Sunday morning.

It is too bad the pup hadn't been encouraged to repulse strangers instead of being trained to be friendly with everyone, for the person who stole him might have suffered a few lacerations and been caught to boot.

The Ellis puppy had no particular markings by which he might be identified, but if you should happen to see a police pup tied up someplace and conditions don't look just right and the pup has a sad look, it might be a good plan to investigate the pup's ownership. He might be the one stolen from the Ellis back yard last Saturday night.

ELECTRIC CLOCK PLACED IN NILES PUBLIC LIBRARY

The public library at Niles took a forward step this week with the installation of a new electric clock.

The time piece is a "Telechron," a patented electric clock that never needs winding. It is of generous size and is encased in a beautiful walnut cabinet that harmonizes with the library woodwork.

Placed above the big fire place, the new clock gives the library reading room a home-like atmosphere and it will be a great service to patrons who must "watch their time," while in the library.

Mr. and Mrs. George Rose were hosts recently at their home to Mr. and Mrs. Lloyd Easterday of San Francisco.

ENGINEER STATES WATER SUPPLY OF COUNTY IS AMPLE

Regardless of how stingy the weather man is this winter with rain, residents of Alameda county will not have to forego the regular Saturday night bath or cut down on their home brew, for statistics from the engineer's office show that there is an ample supply of water stored in the various reservoirs.

To quote figures, the available storage above the outlets in the local reservoirs on October 1 was as follows:

Upper San Leandro	489,100,000
San Pablo	2,489,200,000
Lower San Leandro	46,400,000
Temescal	8,300,000

A. L. Borges has moved to his new home on the Niles-Decoto highway. The attractive house was recently completed by Lung and Lung, contractors of Hayward.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

THE MILL OF THE GODS

WE HAVE HEARD so often that old quotation of the mills turning slowly but grinding exceedingly small, and ending up with the inference that in the end all get their just deserts. Of course, this is not true. It sounds nice, and we wish that we might believe in the beautiful theory. But we know too many scoundrels who lived out their wicked existence with never a trace of trouble—and always, even to the end, remained far out of reach of the long arm of the law and died in bed surrounded by friends, and as they expired received the benediction of a good minister or a saintly priest.

All of which is apropos of the Pantages case. Here we have an example of justice, seemingly, coming out of a long sleep and seizing a dust broom proceeding to clean the cob-webs from her mythical scales preparing to measure even justice for two misspent lives—the lives of a man and woman who for years and years have flaunted with impunity man- and God-made laws, and who now, for the first time suddenly have become confounded with trouble.

It will be an outstanding case that will make a very fine text for the men of the cloth, and writers generally. But maybe we are a little ahead of our story. Mrs. Pantages has been convicted of running down a Japanese gardener with her car and killing the oriental. She was drunk when she lost control of her car. She was sentenced to serve from one to five years in the penitentiary as restitution to society. She is not yet imprisoned. While it may be as hard for a rich man to enter the Kingdom of Heaven as it is for a camel to pass through the eye of a needle, it is equally as hard for the rich and especially a woman, to enter the gates of a penetentiary. So for the present let us view the Mrs. Pantages out in the open air. Her trial has been an ordeal. It has shattered her nerves, and she has collapsed. It is quite annoying for a lady to be compelled to stand trial for killing a man—especially a yellow man. So the wheels of the gods after all have been grinding. The lady has been annoyed and pained.

The old man Pantages is a hard rascal, from all reports. He has been treading the primrose path for many a long year, and "getting by." Now comes along the "Old Mill of the Gods" and starts grinding the grist. And what have we? A lot of trouble for the theatrical king of yesterday. He has the worry of several lawyers, all of whom expect a princely fee if they clear him of the charge of dallying with a young girl; and if they fail, more trouble, more lawyers, more trials, more bail brokers, jury fixers and all that kind of annoyance. Of course, we don't believe this old fool is going to jail, but think of the mental anguish! That is punishment enough for a man of his accomplishments—and feminine conquests!

And to be quite truthful, as we persue this narrative to its conclusion we are beginning to believe in the law of compensation, and—hark! is that not the sound of the giant stones that we hear grinding, grinding slowly away in the "Mill of the Gods," and meeting out exactness to all?

For—

The Pantages are on the carpet,
And a wail is in the air,
While the doors of cells are yawning
For this measley, sickley pair.

Years and years the two have flaunted
The conventions of the times,
Drank hard licker in the morning,
And at night imbided in wines.

Oft they played—but not together—
Ties that bound were mighty weak,
For the "lady" had her sweetheart
And old Pan was quite a sheik.

When it came to wooing "babies"
Hand it to him, he was there,
For he'd win their sizzling kisses
By hook or crook or snare.

But to him, like to Napoleon,
Dismal failure had to come,
So in fighting for a "hot" one
All his plans went on the bum.

And his wife, in drunken frolic,
Caused a man to breath his last,
Now she's sad and so regretful
For her crimson-tinted past.

But the Gods who run the grist mill,
Where the wheels so slowly grind,
Have no ears for pleas of people
Like the Al Pantages kind.

And the lesson their sins teaches
Should be broadcast everywhere—
For it proves the law can reach us
Though we be a millionaire.

In looking around the township this week, the Pastor notes that some merchants believe in advertising, but not in the newspapers. In Niles we read a sign on the sidewalk that advertised a rug for sale.

* * *

Sidewalks of slate would prove a boon to such ingenious tradesters. They could "tell the world" in chalk all about their bargains. Restaurants could mark down their menus right in front of their doors and doctors could advertise cut-rate operations and mark the course of the knife with red crayon.

* * *

The Pastor is still waiting for his first contributor to the Colyum. Come on in, folks. Writing for this weekly feature of the Register doesn't cost a cent. And there can be a lot of good, clean fun in it if you can catch on to the spirit of the thing.

Some cats aren't worth much when they are alive, and no cat is worth a cent when it's dead. One poor creature was killed the other day on the Niles-Centerville highway. Its carcass lay where it fell until passing automobiles literally ground it into the pavement.

Would cause you to fume and to fret;
But how 'bout a blonde strand on your shoulder
When your wife's a decided brunette?

Mr. and Mrs. Owen Swainson of the De Luxe Barber shop and beauty parlor, Niles, are in Los Angeles this week attending the daily sessions of the first annual National Beauty show. This educational and entertaining event is being held at the Ambassador hotel.

George Sa of Niles is suffering this week from a crushed finger on his right hand. Sa was injured while at work for C. A. Bruce and Sons, contractors for the new bridge just east of Niles in the canyon. It will be several weeks before Sa will be able to work again.

A delightful surprise party was held Monday night at the home of Mr. and Mrs. L. A. Solon for Mrs. A. M. Alves, it being her birthday. The affair was a complete surprise to the honored guest and much merriment was derived by the fourteen guests. A buffet supper was served at a late hour.

Latest reports from the bedside of Mrs. Clara Martenstein, mother of C. E. Martenstein of Niles, and who is suffering from a fractured hip at O'Conner's sanitarium, San Jose, are to the effect that she is improving rapidly.

Commerce Chamber Not To Hold Barbecue Sunday

Giving the possibility of inclement weather as the reason, the Niles chamber of commerce this week anounced indefinite postponenment of the barbecue which was to have been held next Sunday in Rose's canyon.

President Harvey Braun explained there was a substitute program in the making, the same to be announced in the near future.

FOX THEATER IN OAKLAND PLANS SILVER JUBILEE

William Fox, easily the outstanding and dramatic figure of the motion picture world, will celebrate the twenty-fifth anniversary of his start in the film industry on Monday October 14.

In commemoration of the date, a William Fox Silver Jubilee to endure two weeks will be celebrated by every unit in the Fox organization. The affair, because of international activities of Fox films and theatres, will be worldwide in scope.

Elaborate plans for observation of the event are now being made by the Fox theatres in Oakland. Parades, special programs, and novel entertainment features of every kind will contribute to the gala occasion.

One of the finest of Fox Movietone productions, "They Had to See Paris," an all-talking picture starring Will Rogers, will open the Silver Jubilee celebration at the Fox Oakland. Another outstanding Fox picture to show during the first week of the Jubilee will be the all-talking feature, "Big Time," at the Grand Lake. Metro-Goldwyn-Mayer's sensational 100 per cent talking production, "Dynamite," directel by Cecil B. DeMille will inaugurate the occasion at the Fox T & D.

The life of William Fox and his amazing success within a comparatively few years has been one of the marvels of the theatrical world. In 1904 with the savings from his job as a cloth sponger, he rented a 100 foot by 120 foot store room in Brooklyn and established a motion picture show and penny arcade. From that small beginning grew the Fox interests that now control more than 800 theatres throughout the world.

Merit Badges Awarded To Five Niles Scouts

Members of Niles Troop, Boy Scouts of America, are continuing to distinguish themselves as Scouts.

This week, five of the local boys passed with high honors the Pathfinder tests and received merit badges for same. The enterprising young men were Jack Townsend, Frank Ferry, Arnold Abrott, Everett Mendenhall and Byron Fronts.

The tests were given by E. A. Ellsworth, local realtor.

WATER DISTRICT PROBLEMS TO BE DECOTO SUBJECT

A full explanation of the water situation in Washington township will be made next Tuesday night at the regular meeting of the Decoto chamber of commerce by Chris Runckel ,secretary of the Alameda County Water district.

In view of the fact that there is considerable discussion prevalent regarding the water district affairs, Runckel's talk is considered timely and officers of the commerce chamber are anxious to have a large attendance on hand to hear him.

Unsanitary Housing Conditions Object of Mass Meeting Tonight

Endeavoring to gain legislation whereby unsanitary housing conditions in Decoto may be abolished for all time, the chamber of commerce of that community has called a meeting for tonight of representatives from every chamber of commerce in Washington township at which time an ordinance submitted by District Attorney Earl Warren will be read and discussed.

The ordinance, according to Roland Bendel, is now in effect in Los Angeles county. It is quite probable this ordinance will, on the whole, serve Decoto's purpose, but it is natural to expect some changes will have to be made in it to fit local conditions.

According to Bendel, there is now in Decoto a block of houses in which there is no plumbing or other sanitary equipment and which are being supplied with water from one hydrant located in a central yard. These houses, or shacks, Bendel states, were moved intact from a camp and were originally intended to house no more than two men each and were not built for permanent occupation.

That Decoto and other unincorporated towns of Washington township need a protective measure along sanitary lines is the contention of the Decoto chamber of commerce, and tonight's meeting has been called in the hope that some workable plan can be adopted whereby the desired end can be reached in the near future.

LOCAL DAIRYMAN STRICKEN

Friends of Joseph Bauhofer, proprietor of the Innes-Cloverdale dairy on the Centerville-Irvington road, will regret to hear of his having suffered a heart attack this week, which is confining him to his home.

Bauhofer was stricken while at work, according to his wife. His condition, while serious, is said to be improved today.

DUKE BUNDY'S CAR FOUND SATURDAY NEAR HOLLISTER

Vincent LaGardelle, 15, of Walnut Creek, is being held in the county detention home at Oakand, facing charges of grand larceny following his alleged theft of an automobile belonging to Duke Bundy, of Pleasanton. This is the lad's third offense of a similar nature, according to the juvenile delinquent's records.

LaGardelle is alleged to have stolen Bundy's auto from Pleasanton Thursday afternoon of last week. He was arrested at Hollister by an operative from the sheriff's office.

Bunday and Constable Albert Vervais returned the alleged thief and car Saturday afternoon.

STUDENTS WORKING HARD ON HISTORY OF STATE ESSAYS

Local Boys and Girls Are Anxious to Win Cash Prize

Cash prizes totaling $200 are acting as a stimulus to students of Washington Union high school in the "California History Essay Contest" now being conducted by the Alameda county chapters of the Native Sons of the Golden West.

According to word from the school this week, several boys and girls are striving for the attractive awards.

The contest opened September 10 and comes to a close next Monday. Judges include Robert Sproul, Dr. Aurelia Reinhardt, District Attorney Earl Warren, Attorney Earl Hayes, William Knowles, and Attorney John J. Allen, Jr., all of Oakland and Berkeley.

HAYWARD LAWYER C. OF C. SPEAKER AT CENTERVILLE

Members of the Centerville chamber of commerce and visitors were to hear today at noon a talk on "The History of the Constitution" by Joseph T. Sims, attorney of Hayward.

Sims has made a lengthy study of the constitution and is considered an authority on the great national document. His talk today promised to be one of the most interesting given before the Centerville commerce chamber in some time.

A special invitation to the members of the Niles, Decoto and Newark chambers of commerce is expected to bring large delegations from each. Dr. George S. Holeman is chairman of the day.

Madera—Reconstruction of entire telephone plant started in this place.

Native Sons and Daughters Announce Annual Card Party

Generous-hearted citizens of Washington township will be given a chance, November 8, to help a number of homeless children find foster parents who will give them good homes and the proper education.

The manner of helping these orphans will be somewhat indirect, but all those who attend the Fourth Annual Whist party to be held by the Native Sons and the Native Daughters will be doing their bit.

The big party is to be held at Parish hall, Centerville. Betsy Ross Parlor, 238, Native Daughters, and Washington Parlor,169, Native Sons will join hands that night in their annual effort to raise cash for the homeless children fund of the orders.

It will be a "turkey" whist, those in charge state there will be a whole flock of fine birds given as prizes. Mrs. Rose Peixotto is chairman for the Daughters, and Judge Allen Norris is chairman for the Sons.

According to Judge Norris, there will be refreshments and an impromptu program to help make the party a success. More than 3300 boys and girls have found good homes during the past 13 years through the efforts of the two lodges, the judge declares.

Whist players of the Township are urged to remember the date and prepare for a good time while doing a good service to the orphans of the state.

AUTO STAGE CUTS DOWN PHONE POLE NEAR CENTERVILLE

Driver Swerves From Road To Miss Collision With an Auto

Where there's a will there's a way, but the 'way" is not always free from grief.

This was proven to Ed Coty, driver of a special Peerless stage, early last Monday morning when he dodged trouble from one angle and ran into it at another.

Coty crashed his heavy vehicle into a telephone pole and half way through a large hedge at the rear of the Freitas grocery store at Machado's Corners when he swerved from the highway in order not to collide with an automobile.

According to eye-witnesses, a touring car swung into the main highway from the Newark road at the Corners just at a time when the stage was about to clear the dangerous intersection. A collision seemed unavoidable, but Coty gave a sharp twist to the steeringwheel and swung his stage clear of the offending machine.

The stage was loaded to capacity with employes of the Pacific Gas and Electric company, but fortunately no one was injured.

"SHOW BOAT" TO PLAY NEXT WEEK IN PLEASANTON

Theater-goers at Pleasanton and neighboring towns have a real treat in store next week at the Lincoln theater in Pleasanton.

The management has secured that great singing, dancing and talking classic, "Show Boat," which features Laura La Plante and Joseph Schildkraut and Florenz Ziegfield, himself. The Ziegfield Follies stars are also shown in all glory, and the picture as a whole is considered the classic of the year.

It will be shown at the new Lincoln theater on Wednesday, Thursday and Friday of next week. The management states it will be advisable for patrons of the theater to "come early," as packed houses are expected each night during the run of this great picture.

Cattle Idemnity Issue To Be Taken Into Court

California Dairy Council, representing the entire dairy industry of the State, will go into court at once to defend the constitutionality of the recent enactment by the California Legislature which provides compensation to dairy farmers for animals condemned and slaughtered in tuberculosis control areas.

Sam H. Greene, Secretary of Council, says that the services of Attorneys H. C. Nelson of Eureka, R. E. Swing of San Bernardino and Frank L. Guerena of San Francisco have been retained for this purpose. Nelson and Swing are State Senators and are entirely familiar with the background of this legislation. Guerena is a former Deputy Attorney General. line of girls. Then an endless chain of smaller, empty cans is started on its way and as these cans pass the workers each girl puts in a certain amount of the fruit she has before her.

Next the filled cans are carried on a chain to the syrup machine where they get their portion of rich syrup. They are then carried on to a steam vat where they are "exhausted," or freed of air. Then they are capped and cooked, labeled, boxed and finally shipped. All of this work with the exception of the boxing is done by machinery.

NEW AUTO PENALTIES LISTED BY ATTORNEY GENERAL U. S. WEBB

To settle once and for all the numerous arguments alleged to be in force throughout the state regarding the punishments and suspension of operators' licenses under the 1929 traffic code revisions, Attorney General U. S. Webb this week issued a blanket decision on reckless and intoxicating driving cases.

The attorney general ruled that a court cannot revoke an operator's license save upon a second conviction for driving while intoxicated. Upon such conviction the court can do nothing else but revoke the license. A suspension for one year is mandatory with the court on a first conviction.

HEALTH DEPT. RAISES PRICE ON DOCUMENTS

If you are an economical individual don't lose your birth certificate or your marriage license.

It will cost you a whole dollar to get a new one of either. Yes, we know it used to cost 50 cents, but this is a day and age of increasing costs. And so, the state department of pubic health announced this week, that:

"The fee for certified copies of birth, marriage and death certificates has been increased from 50 cents to one dollar for each copy. Similar increases are scheduled for searching records."

And that's that.

THREE 'LEGGERS DRAW $250 FINES FROM JUDGE QUINN

Three Pleasanton Township citizens were arrested on charges of violating the prohibition law Saturday, two of them being from Pleasanton and one from Sunol.

Chris Peterson, restaurant proprietor, and Nick Ratti, owner of a soft drink establishment, were the Pleasantonians to be raided by members of the District Attorney's dry squad. Each pleaded guilty when arraigned before Judge P. C. Quinn, and paid a fine of $250 each.

Fifteen hundred gallons of wine were found in the home of Sam Mongaghetti at Sunol, the raiding officers, Inspectors Charles Blaghorn and Joe Brandon, stated. Mongaghetti also pleaded guilty and was fine $250.

PLEASANTON CITY COUNCIL HAS BIG INDUSTRIAL YEAR

Contractors Promise Work To Be Finished Before Rainy Season

With the letting of a contract in Pleasanton Wednesday night for Pleasanton's pump and cistern, and the installation of water pipe lines, the nearly completed firehouse, and the proposed selling of a natural gas franchise, the Pleasanton city council has rounded out a year filled with a large amount of civic improvement work.

The cmpletion of the installation of the pipe lines has been promised by the contractor before the rainy season sets in. This was asked because the laying of the pipes will mean the tearing up of numerous streets, and council intends that all thoroughfares in the city shall be in condition before the heavy rains.

Contracts for the pump, cistern and pipe lines were to have been let earlier, but because of council's desire to delve into the legal technicalities of the contracts, and adjourned session was held for the purpose of completing the awards.

The pump and cistern will be constructed by V. M. Cramer, of Irvington. His bid was $4,412.25 for a 20-foot cistern and $4,730 for a 24-foot excavation. Council accepted the bid for the 24-foot cistern.

Charles E. Prentiss, of San Jose, was given the contract for furnishing and installing the water pipe lines. His bid was $14,829.

FRANCHISES GIVEN CONSUMER'S GAS CO.

The Consumer's Gas company was given the franchise to serve all unincorporated territory in Alameda county with natural gas, by the county board of supervisors at its meeting in Oakland this week.

At a session of council on Monday night ennlivened by sharp arguments and obvious rivalry between the competitive companies, the franchise to bring natural gas into Pleasanton proper was also awarded the Consumer's company. By having gold coin instead of currency accompanying their bid, the Consumer's company won "the nod."

The Consumer's Gas company was the utility company seeking the franchise to furnish Pleasanton with natural gas.

WILL ROGERS IN HILARIOUS FILM AT FOX THEATER

The world's greatest humorist, Will Rogers, will bring hilarity to the talking screen of the Fox Oakland theatre, Oakland, tomorrow, with "They Had to see Paris," a delightful mixture of wine, women, song and laughter.

William Fox's "They Had to See Paris" is Rogers' first all-talking picture. It was directed by Frank Borzage, a man who has more productions to his credit than any other director living.

In the cast are Irene Rich, Marguerite Churchill and Fifi Dorsay, the toast of the Parisian night clubs.

On the same bill will be Fanchon and Marco's remarkable study -of living sculpture, "Columns Idea," against a background reminiscent of the glory of ancient Greece.

NEWARK SERVICE STATION SUFFERS FROM FREAK FIRE

An attempt to peirce a five-gallon can of gasoline with a "live" match caused a fire at the Joe Lemos service station here late last Saturday afternoon which gave the fire department a stiff battle for more than half an hour.

A motorist, wishing to poke a small hole in the gas can, used a match. The match ignited and so did the gasoline and before the flames were checked a truck and three gasoline pumps were threatened with destruction.

SCHOOL KIDDIES OF NILES HAPPY OVER STORY HOUR

Pupils in the primary grades of the Niles grammar school were a happy lot this week on Monday afternoon when Mrs. Roland Bendel resumed her popular "story hour" in the assembly room of the public library.

More than seventy little boys and girls, their faces beaming with expectancy, crowded through the library doors at 2:30 o'clock, and at 2:45 Mrs. Bendel ordered perfect silence from her young audience and began the telling of the first story.

Held for the purpose of breaking the monotony of class room routine, the weekly story hour made a big hit with the kiddies last spring and promises to be even more popular this term.

Mrs. Bendel has a charming manner of telling stories and choses only those that have a strong appeal to the modern youth.

P.-T. ASSOCIATION IN NILES ENJOYS LIVELY MEETING

Due to the good work of Mrs. C. E. Plum, membership chairman, the Niles Parent Teacher association had a splendid crowd out to its semi-monthly meeting last Tuesday at the grammar school.

The association named Mrs. J. Williamson chairman of magazines and emblems, and, among other items of business, discussed plans for a large card party to be held October 31.

An invitation was sent the Niles chamber of commerce to hold its annual luncheon as patrons of the Parent Teacher association sometime in November. This, it is stated, has been a custom with the two organizations for the past three years.

The social hour was enlivened by a program given by several of the school children and a humorous recitation by Mrs. J. E. Townsend. A reception to the new teachers and members was held in the cafeteria.

CHARMING CLARA IN FINE COMEDY AT NILES TODAY

Motion picture fans of Washington township who like Clara Bow will see the popular star in one of her best pictures tonight if they attend the Niles theater. Clara is on the Niles screen in a rollicking comedy called "Dangerous Curves." The bill is rounded out with some good Vitaphone acts.

Tomorrow and Saturday the feature film at the Niles theater will be that wonderful epic of Africa's jungles called "Simba." This picture is the first authentic full-length production ever made in the actual haunts of the world's fiercest wild animals. It is a thriller and extremely educational.

The bill for Sunday and Monday will feature 'The Sophomore,'' a splendid comedy-drama of college life. Coming to the Niles next week is Mary Brian and Richard Arlen in "The Man I Love."

REBEKAH DISTRICT MEETING PLANNED FOR OCTOBER 14th

Pleasanton Rebekahs will be hostesses to the semi-annual district meeting of Rebekahs Monday evening October 14. at the Odd Fellows hall. Between 100 and 150 members are expected to attend this session.

The district comprises Rebekah lodges of Pleasanton, Niles, Alvarado, Irvington and Livermore.

Mrs. Lenora Maganni of Oakland, grand secretary, will give the instructions, assisted by Walter Holm of Livermore, district deputy.

As this gathering is one of the most important Rebekah affairs of the year, the Pleasanton committee is making elaborate preparations for the entertainment of the many visiting members.

FLYER SETS NEW SOLO ENDURANCE RECORD

HE MADE IT!! 38 hours and 48 seconds in the air, beating Lieutenant Fahy's former world's record by 1 hour, 4 minutes and 12 seconds.

Tired but happy, Vern Speich brought his record-smashing Zenith biplane to earth late Thursday, October 3. A world's record that had been attacked many times finally had fallen.

Associated Aviation Gasoline—440 gallons of this sensational west-coast motor fuel, and Cycol Aero Oil, 48 quarts, played their dramatic part. They kept the roaring Wright motor smoothly counting off the hours in this latest aviation triumph.

NEW PLAY OPENS AT PARAMOUNT

ASSOCIATED GASOLINE — MORE MILES TO THE GALLON

New mark made with Associated Gasoline and Cycol

VERN SPEICH, daring west-coast aviator, lifted his Zenith Wright-motored biplane into the sky from Long Beach municipal airport.

Alone, and without addition of gasoline or motor oil, he and Associated triumphed in world competition! He stayed in the air longer than any lone flyer under similar conditions ever has done before.

Again, Associated Aviation Gasoline proved itself the motor fuel that really assures "More Miles to the Gallon." Again Cycol Aero Oil demonstrated "Endurance Beyond Belief."

Ask for Associated Gasoline and Cycol Motor Oil at the red, green and cream stations or garages. Enjoy, in your car, the same sparkling performance that featured this record-breaking flight.

HEY, MISTER! HOW'S YOUR AUTO LIGHTS?

CHECK YOUR headlights! This is the warning being broadcast to motorists following the announcement that citations will be issued to drivers whose headlights fail to comply with the law by October 15.

Beginning October 15, officers of the California Highway Patrol have been instructed by Superintendent Eugene Biscailuz to start issuing citations of arrest to all motorists found driving cars in violation of the headlight provisions of the state law.

Other enforcement officers throughout the state acting in cooperation with the California Highway Patrol, and in accordance with the proclamation of the governor and mayors of some sixty-five cities will also begin issuing citations to curb the blinding headlight evil.

This announcement was made today by the California committee on Public Safety, which is conducting a continuous campaign of public education to assist enforcement officers in bringing about an era of safe and sane highway use.

FRUIT MAY NOW BE RIPENED BY ARTIFICIAL WAYS

Science has again come to the aid of California canners. Tests by chemists of the United States Department of Agriculture at the Richmond-Chase Cannery in San Jose have proven that deciduous fruits can be quickly and evenly ripened by the use of gas and electricity. Evenly ripened fruit eliminates the costly and time-killing process of sorting for uniform coloring before canning.

The ripening method as demonstrated by D. G. Sorber, is simplicity itself, and the cost is negligible when compared to the expense of sorting. First a sealed compartment is equipped with an electric heating device to keep the temperature constant. Then the partially green fruit is stored in this room and the air is charged with ethylene gas in proportions which vary according to the variety being treated. Apricots are brought to perfect ripeness in from 36 to 48 hours; pears require from four to five days, and the time for other fruits ranges between these figures. A feature of the method is that the gas acts only on the green portion of the fruit and does not discolor that already ripe.

DEADLINE PASSED ON NEW AUTOMOBILE LICENSES

Tuesday, October 8, was the last day California motorists could use old operators cards legally.

The Division of Motor Vehicles recently announced this date as the "deadline" for all licenses issued prior to January 1, 1927.

These licenses were cancelled by an order issued several weeks ago by Frank G. Snook, Chief of the Division. Motorists must now either have licenses issued since January 1, 1927 or be able to produce in evidence that they have made application for a new one.

An order has been prepared by Eugene W. Biscailuz, superintendent of the California Highway patrol, instructing all traffic officers to enforce the new rule.

The California motor vehicle act requires all persons whose licenses are more than two years old to submit to an examination of their ability and physical fitness to drive. Licenses cost nothing and no fees are required for examination.

In announcing the "deadline" Chief Snook said it was felt a reasonable time had been allowed for motorists to renew licenses.

Division officials estimated today that about 80 percent of all drivers in the state had either secured legal licenses or applied for them.

Records of the division show approximately 2,409,785 have been issued since January 1, 1927.

PHILCO COMPANY WILL PUT GREAT LEADER ON AIR

Bringing to the American home the oustanding radio programs of the season, the Philadelphia Orchestra, under the leadership of Leopold Stokowski, is the leading topic of conversation of radio fans in every part of the United States this month.

Sponsored by the Philadelphia Storage Battery Company, makers of the Philco radio, the Orchestra, long the great musical organization of the country to remain aloof from radio broadcasting, is to be heard over a nationwide network over the N. B. C. System, Sunday afternoons, November 3 and December 28 from 2:30 until 3:30 p. m., Pacific standard time.

"Always, since the advent of radio," said Leopold Stokowski at a rehearsal recently for the broadcast series which will come from the Academy of Music in Philadelphia, "I have believed that one day the Philadelphia Orchestra would go on the air. Indeed, I have looked for that day when radio transmission and receiving sets would be so well perfected that such a musical organization as ours would do justice over so large a hookup as we have undertaken this year. But I wish to do what I do well, and until now I have not felt that radio has reached the point where a broadcast by 110 musicians in an orchestra was best. Now that that time has come no one is happier than I am."

Miss Rosalyn Telles Becomes Bride Sunday

St. Joseph Catholic Church was the setting Sunday morning, October 6, for a beautifully appointed service at which Miss Rosalyn Catherine Telles plighted her troth with Mr. Anthony Edward Garcia. A large crowd attended the nuptial service.

The bride wore a white satin gown. The skirt of the gown of satin had an overdrape of lace. The gown had a tight fitting bodice embroidered in beads. The bridal veil was caught to a coronet of orange blossoms. She carried a bouquet of white carnations.

Miss Marie Telles was maid of honor and wore a pink frock of silk. She carried white carnations.

Mr. Andrew Garcia was best man.

Bert Dutre Surprised By Friends With Party

A surprise birthday party was held recently in I. D. E. S. hall for Bert Dutre, popular resident of this town.

The party was a complete surprise to the guest of honor and proved one of the most pleasant social events of the year.

The evening was passed with dancing and an impromptu program by the talented members of the party. Many good vocal and instrumental numbers were interspersed with comedy stunts. The music for dancing was furnished by the I. D. E. S. orchestra, a newly organized group of musicians.

The guest list included friends of Dutre from San Francisco, Oakland, Stockton, San Jose, Warm Springs, Centerville, Irvington and Mission San Jose.

Mr. and Mrs. Ray Meyers motored to Salinas last Saturday and spent the week-end holiday with friends.

Mr. and Mrs. Ernest Martin left on Saturday for a week's visit in Los Angeles and vicinity.
